

**Stockton-on-Tees Borough Council****Personal Details:**

I have lived in Fairfield for the past 50 years and have been glad to be associated with Fairfield, I do not belong to Grange field as it is a completely different area. Bishopton Avenue divides Grange field and Fairfield. My wife attended the local church in Fairfield and my son attended both junior and senior schools in Fairfield. My wife was also a Fairfield cub scout akala. We use the shops in Fairfield and our Community centre is in Fairfield, not Grange field (They have their own). We use the Fairfield bus service. All my friends and associates know we live in Fairfield and not Grange field. I most definitely support plan B, it makes more sense and is a more sensible and just solution.
