

**Stockton-on-Tees Borough Council****Personal Details:****Comment text:**

What benefits is there to any area in proposal other than combining all Ingleby Barwick to Yarm which I presume is for council tax purposes and Fairfield to Grange Field and Newtown, I do feel this is a waste of tax payers money allocated by government to each authority to benefit the town and not needed as there appears to be very little explanation or evidence to explain this? Equally I feel you have done this to reduce the ward representatives which reduces the chances of being outvoted in council meeting and the allocated funds available to improve each ward.
