Dear Sir

Re your plans to change the boundaries re Fairfield and Grange field.

I strongly feel that my property should stay in Fairfield and support Plan B for the following reasons.

I consider myself to live in Fairfield not Grange field.

I have recently moved back to Fairfield because the area is most convenient for me.

I use the local shops in Fairfield

I am close to my son living in Fairfield

Access to buses is easy for me in Fairfield

I have never chosen to live in Grange field and feel strongly opposed to this unnecessary change

My grandchildren attend Ian Ramsey School and Hartburn school and I regularly collect them from school.

I have previously lived in [REDACTED] both in Fairfield,

Plan B better balances the number of people in each ward so is fairer and more democratic.

I would be very concerned that the value of my property could be affected.

I would have to consider moving from my bungalow which I have recently renovated.

I did not choose to live in Grange field, I chose to live in Fairfield and can see no advantages whatsoever to changing to Grange field,

I think the proposal is very inappropriate and strongly object to changing these boundaries
