

Stockton-on-Tees Borough Council**Personal Details:**

You persist in arbitrarily assigning Coniston, Kendal and Allendale Roads on the Grange Estate to Newton when the rest of our estate comes under Grangefield. We have different social and economic characteristics from Newton, different crime rates and concerns, different school catchment areas. Every election time, we get literature from parties representing both Newtown and Grangefield as neither party remembers where the borderline is. Please tidy it up and put our 3 roads back into Grangefield where we belong.
