

Stockton-on-Tees Borough Council**Comment text:**

Would it more beneficial/clearer to actually send leaflets with the information for any proposal changes to every home within the area affected, as there as still many people who due age, finances, physical or mental health issues, who are not able to access the information via the Internet. It would also show that Stockton Borough Council is an Council with members who are willing take a holistic approach to assuring to people. Thank you.
