Comment text:

My family and I are residents of Hollingbourne, 4 adults and I have been asked to speak for all and would like the council to reject the proposed plans to merge our ward with that of Harrietsham and Lenham. Our voices and concerns will not be heard but rather drowned out by the issues raised by Lenham, of which they have many! As they say Small is beautiful and that is how we wish our ward to remain, thank you.
