Comment text:

As a resident of Hilton near Yarm, I am definitely of the opinion that Hilton would benefit from being part of a new ward (Southern Parishes) grouped with Maltby and Kirklevington. I have never felt that as a village Hilton should have been grouped together with Ingleby Barwick East . This association with Ingleby Barwick was an unnatural arrangement given that there has never been an affinity with this area. The community of Ingleby Barwick and Hilton, in my opinion, bear no resemblance to each other and have very different needs and aspirations. I am grateful for the opportunity to express my opinion and look forward to learning the results of the consultation.
