Hello,

I would like disagree with the proposed boundary change to turn Grangefield ward into Newtown ward.

I have lived in Grangefield my whole life, my parents, Grandparents and great grandparents also lived in Grangefield. My children grow up there, their family history would be dramatically changed if Grangefield was no more.

Grangefield has a school, shop, Road, park and community centre named after it. We are a whole community not an add on to Newtown.

Leave Grangefield as it's own ward and stop trying to wipe out people's history and community.
