Comment text:

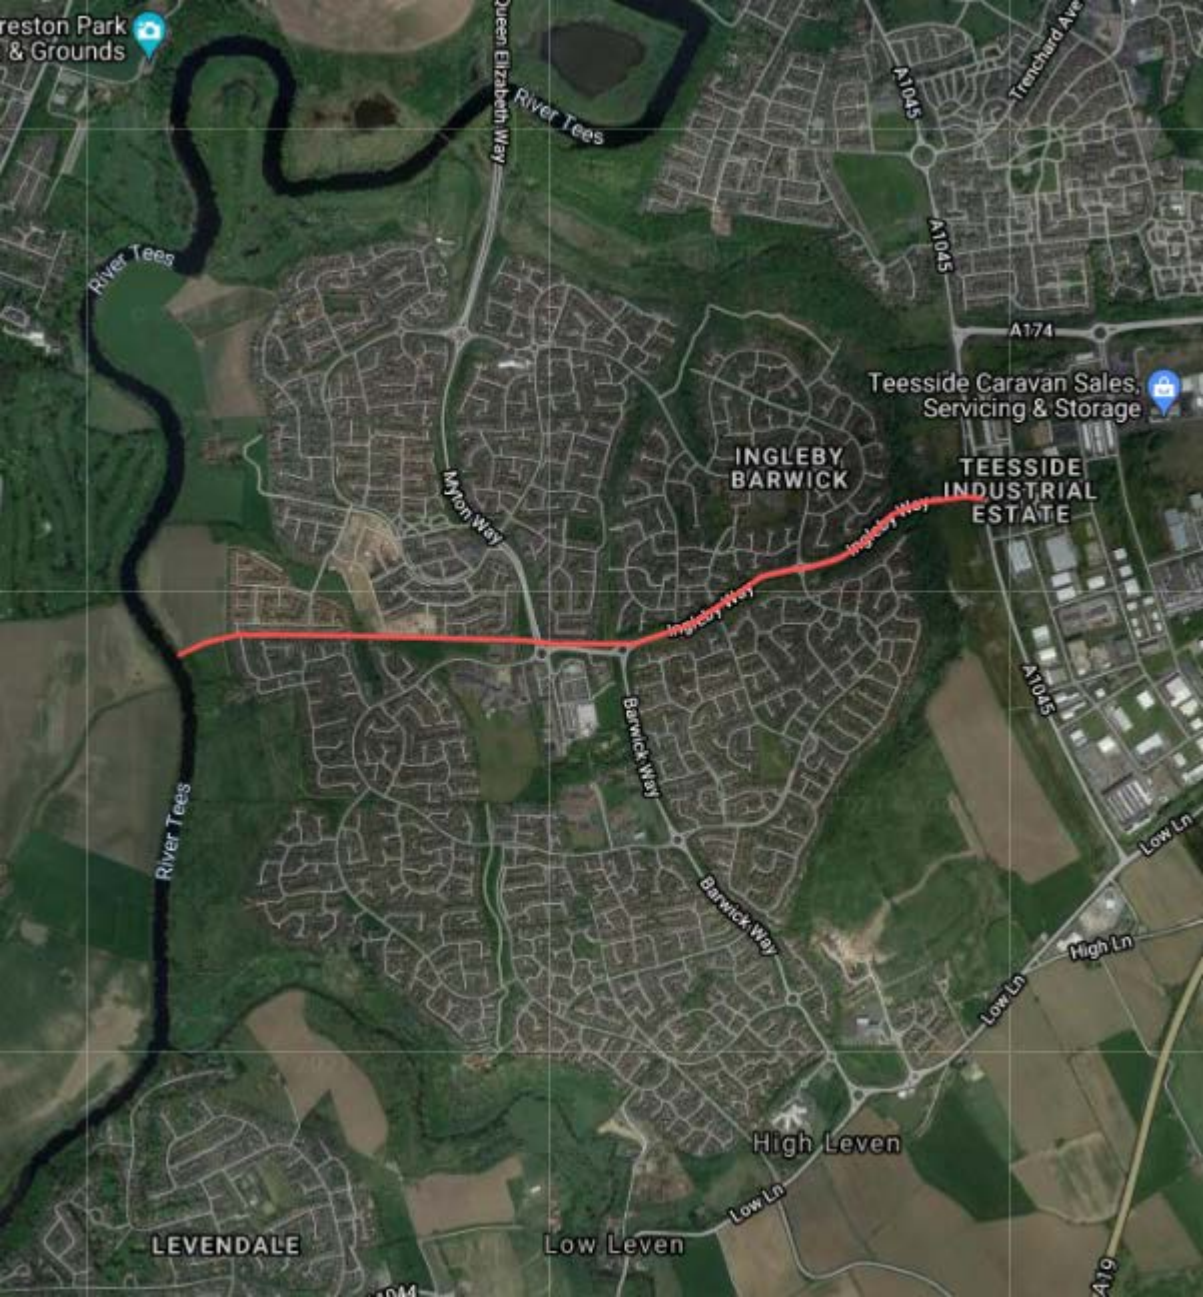

Marchlyn Crescent and Snowdon Grove (and the roads that come off them) are both part of the Round Hill area of Ingleby Barwick, however your proposal annexes them into Ingleby Barwick North despite the rest of Round Hill along with Sober Hall and Beckfields being in Ingleby Barwick South. These roads are ONLY accessible from the Ingleby Barwick South area, and I believe the boundary should be move slightly to include them with the rest of Round Hill within Ingleby Barwick South. I have attached a map to show where the boundary between North/South should go. You can also see how the villages within Ingleby Barwick are defined here:
