Comment text:

The decision to leave Ingthorpe ward is not correct, living to the South of the ward our interests would be best served being in the Greenlands ward. The Ingthorpe ward should be restricted to the Kincaig area which is being heavily developed with new housing estates. Those living nearer to Moor Park would be better served by being part of Bispham or Greenlands ward. I am convinced with the further developments around Kincaig area the work of the two councillors is taken up with the concerns of the Kincaig area especially bearing in mind the high levels of social housing in that area.
