Comment text:

I would like to support the proposed merging of Walton Hall and Walton Vale into a new two member ward. The proposed boundary between Walton Hall and Walton is the Kirby to Liverpool railway line, south of Rice lane station the A59. This will separate residents like me living in the proposed Walton Hall and Walton Vale ward. We still use the shops and leisure areas and Walton Life rooms on Evered Avenue like Rice Lane Recreation Ground, Rice Lane Primary and Northcote Primary Schools. Needs safety access to cross the road to Rice Lane School. I have a Community Facebook Page Walton Community Association which covers issues all over the Walton area along with other community organisations which support families like Walton Vale Community shop, Friends of Rice Lane, Rice Lane Farm and Open Door Project. Just a few names which demonstrate the shared community area within Walton . I have seen through my community page any increase of family homes using other areas like short lets/bedsits, because of the transient population needing services from police/social services/housing association/community and councillors supporting the residents. Liverpool City Council have acknowledged these changes . This puts pressure on one Councillor to provide an effective local government support and a two member ward would help with the equality in an election and a more efficient ward for are members through out Walton.
