I'm unable to view St Michaels ward but consider one hopefully good Green local councillor for this ward should be enough considering I never get any reply from any email I send to my three local Green councillors and hardly ever see them either in person or online attending any online Green Party or other local residents meetings. Also as a result i cancelled some months ago now my direct debit to be a Green Party member although I am still very green minded and do all I can to help the local environment and it was me who came up in 2005 with the idea of the three 'R's that is to 'Reduce, Reuse and Recycle' to Liverpool city council!
