Regarding the proposed Hunts Cross and Much Woolton proposal I believe that the division does not accurately reflect the community, and that the area bounded by Kings Drive and Hunts Cross Avenue, including Woolton Primary school would be better placed in a Woolton ward. The golf course is also a natural barrier between Woolton and HX, so in my view the boundary should be on the other side of the course. I think these suggestions are practical if the Woolton ward is expanded to 2 representatives and HX to one.
