### Comment text:

I agree mostly with the Boundary Commission's proposals regarding the new Whittington Moor Ward boundary. Keeping the Ward to the west side of the railway and A61 trunk road creates, in my view, a coherent and workable Ward area. The only question I would have is about the boundary line putting Elm Lodge Farm Close into Dunston Ward. I do not think this makes practical sense. The inclusion of Elm Lodge Farm Close will shift only a small number of people from Whittington Moor into Dunston Ward, hence I can't see the logic of such a change.
