Subject: Draft recommendations for Brighton & Hove City Council.
Categories: Submissions, [REDACTED]

Dear Sirs,

Below are my comments on the proposed electoral ward re-arrangements for Brighton & Hove City Council.

With the significant population demographic changes that have occurred to Brighton and Hove since it became a city, I agree this review was necessary.

Regency

I live in the present Regency ward in Montpelier Terrace, it seems sensible to combine Brunswick and Adelaide with Regency, two complementary Conservation Areas with approximately the same date of construction. Presently Regency is Brighton and Brunswick is Hove, I would suggest to maintain a link with Hove and call the new ward Regency and Brunswick Ward. This would also satisfy many who live in Brunswick Square and Terrace.

Fiveways

This area part of the old Stanford Estate with its 1890's artisan properties, it is a much up and coming area. It deserves its own identity.

Round Hill

Again a very much intact Conservation Area of the 1870's, and to include the Triangle west of Lewes Road is the right move. Much of a local community use Lewes Road shops and facilities.

Westdene and Hove Park

Two very distinct residential areas should naturally be one ward, which would include the "Golden Square": Dyke Road Avenue Tongdean Road, Avenue and Woodruff Avenue. At present Tongdean CA is split between two wards. These new arrangements will now incorporate most of the properties on the Brighton side of Dyke Road Avenue to Tongdean Road, which are presently in the Tongdean CA. However I recommend that if it has not already been proposed and the plan is difficult to read, the properties nos 26 - 34 Dyke Road Avenue inclusive which are south of Dyke Road Place that are already in the CA but not in the proposed new ward, be included in the new ward. My proposed change would mean the whole of Tongdean CA would be in Westdene and Hove Park ward which seems sensible as they are similar historic buildings.

With best regards,
