Comment text:

I am very satisfied with the proposed Patcham & Hollingbury constituency and would like the changes implemented. I feel Patcham & Hollingbury is one community and has a shared identity and the new boundary is logical. Patcham and Hollingbury should not be divided. I use the facilities across the whole ward such as the libraries, shops, medical facilities, etc. and from recent conversations I know many other residents feel the same way. I live in Patcham and have many friends who live in Hollingbury.
