I agree with your reasoning that there is a shared use of facilities, particularly the green spaces, between Hove Park, Three Cornered Copse (both currently in Hove Park ward) and Green Ridge, Coney Wood, and Waterhall (all 3 currently in Westdene ward), as we walk daily from the Goldstone Valley by the copse (in Hove Park Ward) to exercise our dogs in these green spaces. We often see dog walkers and residents from Westdene ward, using the Hove Park ward green spaces ie Three Cornered Copse, Hove Park. In addition, I often use the facilities - Post Office, Newsagents, Dry Cleaners on Woodland Parade, on the other side of the Three Cornered Copse - there is a very well used path through the Copse, connecting Woodland Avenue with Woodland Drive/Woodland Parade. I very rarely, if ever, use the facilities of Hangleton & Knoll ward - there is no clear connection from the Goldstone Valley to this ward, but as you identify, there is a connection with Westdene ward from Goldstone Valley. There is also a clear connection to Hove Park with the Goldstone Valley - indeed we use Hove Park's facilities extensively, for tennis, dog walks etc and the local supermarkets near here too, Waitrose and Lidl. In conclusion I agree with your proposals for the enlarged Westdene & Hove Park ward.
