Please leave Brunswick & Adelaide ward as it is. The Brunswick area has a unique identity and history. The architecture and character create an obvious border from Brunswick Square to Palmeira Square. It currently matches the constituency border of Hove & Portslade and being moved into the Regency area which comes under Brighton Pavilion will create confusion for residents who wish to contact their MP or local Councillor. Residents in this ward see themselves as 'Hove' not 'Brighton' and use Hove train station, Hove shops and Hove seafront. The area is densely populated with many HMOs and rental properties and needs councillors who can focus on the local issues that this throws up.
