### Comment text:

As someone with a long association with the Friends of Dyke Road Park I would urge the Boundary Commission to consider including Dyke Road Park in Preston Park Ward. The majority of people who use the park are from Preston Park Ward, with users also coming up from Goldsmid Ward. (There is little incentive for people from West Hove to use the park when they have much larger green spaces in their area.) The Friends of Dyke Road Park is part of the Prestonville Community Association, which falls entirely in Preston Park Ward, and the meetings of which are regularly attended by our Local Councillors. But they are unable to represent us on issues relating to Dyke Road Park, because it is not in their Ward. Moving the boundary would make no difference to the number of electors in either ward but it would make a lot of difference to the representation of those electors in relation to their leisure activities and the management of their green spaces.
