### Comment text:

I am opposed to the changes, specifically the loss of the Brunswick & Adelaide ward and its amalgamation into a 'Regency' ward. This new ward completely erases the historic Brighton/Hove border and clumps together a relatively quiet residential area (consisting of a large conservation area of Grade 1 & 2 listed buildings) with major tourist attractions, including the pier and shopping centre. There are clearly divergent and competing interests and priorities for these groups and the voice of local residents might well suffer significantly because of this.
