Comment text:

The Historic Hove Brighton boundary should remain so that Brunswick Town remains and does not get absorbed into the more commercial area of Regency. Brunswick and Adelaide although small has a high concentration of residential buildings and that is why it is similar to other larger areas and has 2 Councillors. I want Brunswick Square to remain in Brunswick and Adelaide and not become part of the larger commercial area Regency as it has it's own unique character and challenges which are understood by our Councillors.
