**Comment text:**

I am very concerned about the proposal to split Patcham in half. Patcham is a community - majority of residents are born and bred here and there is so much potential to build on this community. I am concerned that the proposals will cause a split. Particularly in relation to diversity as the proosed Patcham amd Westdene is a wealthier catchment to Hollingbury and Carden. Please think again so we can retain our identity as Patcham Community.
