Dear Team,

I would like to make my representation as a resident of Patcham, Brighton, that I object to Patcham being divided up, and instead think Patcham & Hollingbury should stay together in one ward.

I can't understand why Patcham and Hollingbury would be divided up in this way, and think it is very important that they stay as one area.

If you need more information from me, please let me know.

Kind regards,
