I have just heard about the proposed changes to the Patcham Ward. Why on earth would you split our great community up and club half of us with Carden and Hollingbury? We have a very strong community who work incredibly well with our local councillors and have always done. This change in wards will no doubt have knock on effects to the area, splitting up the community into 2 halves and most concerningly devaluing house prices. I bought a house in Patcham intentionally, I didn't buy a house in Carden or Hollingbury, and the house price I paid was based on the Patcham postcode/ward reputation, this proposed change will, without a doubt have an impact on house prices which in the area and subsequently I foresee house insurance, car insurance prices being impacted too. I DO NOT agree to being split from our Patcham ward, and wish for Patcham to remain as one, as a strong ward. I see no value to doing this, and will be incredibly saddened to see our community split in such a way.
