Patcham should Definitely not be split,The Greens are only doing this so they can gain the Ward of Patcham,and the way the Greens run this City of Brighton is a Disgrace,i have lived in Brighton all my Life and i am Embarrassed to say now that i live in Brighton. The 2 vote Rule for students should be scrapped and they should only be allowed to vote where they actually live and we all know that is the reason the Greens will be voted in. Brighton should be for Brighton People and the Councillors should be people that Actually live in Brighton. And i do not expect any Reply to my Comments.
