Comment text:

I really appreciate that you have created a Whitehawk and Marina ward. Thank you. Having spoken to quite a few locals now that weren't aware of the proposed changes, I have been greatly encouraged that the majority also support the change. One thing that has come up is that a couple of people have mentioned the loss of the name of Black Rock. I disagree with this personally. Having lived in the area for the majority of my life Black Rock as was doesn't really exist anymore since the building of The Marina. It did get me thinking though that perhaps the name of the new ward should include Roedean? Maybe Whitehawk, Roedean and The Marina (or similar)?
