Comment text:

I support the further draft recommendations for the five wards listed in the northern and central areas of Brighton and Hove City Council - being the boundaries shown in purple on the consultation's interactive maps and described as the "further draft recommendations" in the Local Government Boundary Commission for England's report of 5 July 2022. For the Hollingdean & Fiveways ward which is where I live, I urge the Commissioners to respect long-established community links between Saunders Park estate and Hollingdean, by including the streets around Saunders Park within the Hollingdean & Fiveways ward before finalising their recommendations. I agree with the response given by Claire Wadey about the Hollingdean and Fiveways ward which is on page five of her attached report. I think its really important that these areas remain within the ward as they are a 'natural' part of this ward given the boundary of the Lewes Rd.
