Hello, I would like to oppose to the proposed changes to westdene, patcham, hollingbury and carden. Regardless of any perceived positives, this will negatively affect the residents in westdene and Patcham. I currently live in an area of Patcham that will become Hollingbury and i am not prepared to accept this due to the negative impact it will have on school places and house prices. I am sure the residents of Westdene will feel the same when it is changed to Westdene and Patcham which will have the same effect. But, most importantly, I feel we need our own Council representation as a Patcham resident. Regards [REDACTED]
