Comment text:

I comment as Chair of Langar cum Barnstone Parish Council. We cannot understand the logic of having some houses in Barnstone in the proposed Nevile & Langar ward whilst the vast majority would be in the proposed Aslockton & Cropwell ward. The houses in the proposed Nevile & Langar ward comprise West End Villa, Elm House, Mulberry House, Rowan House, and the new houses on Works Lane. It would be much preferred if all houses in Barnstone were in the same ward. A document is uploaded ("Barnstone details"), which shows these houses on your interactive map. Thank you.
