Lady Bay ward has a unique personality, one of hope, compassion and over all care for the community and it's people. We have a unique voting position having 2 green counsellors who live in our community. We have a Labour counsellor too who lives in the community. This model of community based politicians is one that other areas of the county are envious of. We are not West Bridgford, we are lady bay and Trent. We I would argue are culturally different to West Bridgford and unique in our love and support from and for our councillors. Please do not change the boundary.
