Rushcliffe Borough Wards Boundary Review. Firstly I would like to thank you for the feedback you provided following my input into your first consultation; including "If it is considered that community identity would be better reflected by a ward or wards more narrowly focussed on Keyworth itself, we would welcome further proposals to this effect, particularly those which offer good electoral equality for Widmerpool and Willoughby on the Wolds parishes" I am proposing an alternative to the proposed Soar Valley, Bunny and Keyworth and Wolds Wards taking into account your feedback. I propose to replace 1 three member, 1 two member and 1 one member ward with 4 one member and 1 two member wards. These changes are independent of the proposals for the remainder of Rushcliffe. I note that elsewhere you have proposed adjustments to polling district boundaries and propose doing the same in Keyworth. There are three roads, Wolds Drive, Mount Pleasant and Nicker Hill where there are neighbours split between Keyworth North and Keyworth South Parish Council Wards. I propose that Mount Pleasant and Wolds Drive with the cul-de-sac Covert Close be entirely within polling district KWKS1 involving 141 electors. I also propose that that Nicker Hill with the cul-de-sac Private Road be entirely within polling district KWKN involving 69 electors. The net result being to increase the electorate of KWKS1 by 72 electors and decrease the electorate of KWKN by the same. My revised proposal is as follows: 1: Amended Soar Valley 2 member Ward: As proposed with the addition of Rempstone (BURE) with 2027 electorate of 358. Amended ward now with 2027 electorate of 4527, target -7%. 2: Bunny and Wolds single member Ward BUBU: Bunny 577 BUBR: Bradmore 268 BUCO: Costock 536 BUWY: Wysall 341 BUTH: Thorpe in the Glebe 26 KWWW: Willoughby on the Wolds 506 KWWW: Widmerpool 281 Result 2027 electorate 2535, target +4% 3: Keyworth West single member Ward Polling district KWKS2, 2027 electorate 2527, target +3% 4: Keyworth East single members Ward Polling district KWKS1 as amended, 2027 electorate 2349, target -3% 5: Keyworth North single member Ward KWKN as amended 2005 Stanton on the Wolds 359 Plumtree 218 Result 2027 electorate 2582 target +2% I therefore conclude that this proposal offers both better links between electors and their representatives and closer alignment with the electoral target. Regards, [REDACTED].
