Comment text:

Mandale and Victoria Ward doesn't really need 3 councillors in my opinion as 2 would do for the boundary and population size. The reason for this is that makes Thornaby town have a total of 7 councillors whilst Yarm only has 3 for the entire town. Billingham North also has 3 councillors for 5K population when really they should only have 2. That will bring the number of councillors down by 2 total with these proposals leaving you the ability to then allocate 2 seats to further places that need this.
