### Comment text:

Please redraw the ridiculous loop, which runs down Oxbridge Avenue, down the middle of Grange Avenue and up Stanhope Road, putting Coniston Rd, Kendal Rd, Allendale and Stanhope Road, and one side of Grange Avenue into Newton, and put these roads back into Grangefield where they belong. Newtown and Grangefield are very different socio-economic areas, with different crime rates and different needs. At general elections, even the Parties don't know which constituency we are in. It's infuriating that simple numbers mean Kendal and the others moved. Please put us back where we belong.
