Comment text:

Areas that are on the edge of the Stratford boundary, Tanworth in Arden for example, often suffer from a lack of support from Police due to being so far towards their outer limits. Cross county support needs to be agreed with neighbouring areas so that Police can effectively Police boundary areas more. The residents are often blighted with issues that come into the county from surrounding counties. The county lines issues are as a direct result of the Police adhering rigorously to their own county lines.
