Comment text:

The transfer of the Binton parish from the Alcester rural ward to Welford is not appropriate. Binton's links are with Temple Grafton and Wixford parishes not with Welford which is the other side of the main Evesham Road following the last boundary change where the area between the Avon and the Evesham Road were taken from Binton and added to Welford. This in itself we feel as a parish council was wrong. In summary I wish Binton Parish to remain in the Alcester rural ward (now called Salford Priors and Alcester rural) and NOT be transferred to Welford ward. As a parish we also wish our own boundary to be moved to encompass the properties to the west side of Binton Hill from the Binton Social Club up to Temple Grafton Church Bank. The location of the historic Binton Social Club in the Temple Grafton parish has always seemed rather odd.
