Dear Sir/Madam

Busbridge Parish Council would like to share their views on the boundaries review. We are currently in one ward with Bramley and Hascombe, however we share more interests and concerns with Witley and Hambledon. For example, one of the main public services in Busbridge that we support is Milford Hospital which is also a point of interest for Witley. The recent development in Tuesley Farm also surfaced a great deal of shared interest with Witley and Hambledon.

Therefore, we believe that we can work closely with the two named parish councils, where it would be beneficial for a positive cooperation.
