

Wychavon District Council

Personal Details:

Name:

E-mail:

Postcode:

Organisation Name: Householder

Comment text:

We do not understand why the proposed changes are being considered. Peopleton has obvious links with the existing villages of Upton Snodsbury, White Ladies Aston and Churchill, we are a collection of small villages with a rural identity. To link us with Drakes Broughton, which is a significantly larger conurbation with less emphasis on rural issues, is clearly wrong. It is like linking a minnow to a whale and inevitably Peopleton and its villagers would lose out. If this proposal goes ahead it will only be a matter of time before the other villages get stitched up and split up. This proposal was clearly thought up by people who have little appreciation of life in our rural communities and with no consideration for the villagers wishes.
