Postcode:

Organisation Name: Peopleton Parish Council

Comment text:

Peopleton Parish Council welcomes the revised draft recommendations for ward boundaries for western Wychavon. We are grateful to the Commission for noting our comments on the original recommendations. The proposal for a single member ward consisting of rural parishes (Upton Snodsbury) and a two-member ward covering parishes on the urban fringe (Drakes Broughton, Whittington and Norton) is, in our opinion, sensible as it produces two wards each with their own characteristics and the parishes within each ward have similar issues to deal with.
