

Wychavon District Council

Personal Details:

Name: Vic Allison
E-mail: vic.allison@wychavon.gov.uk
Postcode: [REDACTED]
Organisation Name: Wychavon District Council

Comment text:

On 20 July 2022, Wychavon District Council agreed to delegate to the Chief Executive in consultation with the group leaders a review of the proposals and submission of a Council response, if necessary, within the Local Government Boundary Commission for England's set timescales. Having consulted with the group leaders, I can now provide the Council's response to the latest proposals for the south of the district, published on 28 June 2022. In respect of South Western Wychavon, the Council is generally supportive of the proposals with the exception of Pershore where the Council has serious concerns regarding the proposal to include Wick within the Pershore ward as the rural identity of Wick does not align with the more urban identity of Pershore. The Council is generally supportive of the latest proposals for the Evesham wards. For South Eastern Wychavon, the Council is generally supportive of the proposals for Badsey & Aldington, Broadway and Elmley Castle & Childswickham wards. Individual councillors and groups will be making their own submissions regarding the proposals for Bretforton & Offenham and Honeybourne, Pebworth & The Littletons wards within South Eastern Wychavon. Similarly, individual councillors and groups will be making their own submissions regarding the proposals for Western Wychavon, including Drakes Broughton, Norton & Whittington and Upton Snodsbury wards.
