Comment text:

Prudhoe is divided into Prudhoe North and Prudhoe South. However, geographically this is confusing as it looks like East and West. For example the town council ward of West Wylam is in Prudhoe South despite this being closer to the Northern boundary of the area than say Edgewell in Prudhoe which sits within Prudhoe North. Surely an easier division of Prudhoe would be using Front Street/West Road as a boundary which runs East/West and households north of this boundary is Prudhoe North and Households south is Prudhoe South.
