### Comment text:

The odd excising of parts of Broseley - Speeds Lane et al - could be rectified. Purely in terms of what one sees as territory sharing common concerns and identities moving both of the western boundaries to, say, Benthall, The Avenue, Lodge Lane at least - or may be even to The Wyke, would make so much more sense. In any case, the current explosion of new housing makes Broseley a much more prominent force in the county.
