Proposed Hawks Green ward: The railway line forms a strong 'natural' boundary to the west of this area and this is where the boundary should lie. I very much doubt that residents in the Pebble Mill Drive / Stoney Croft / Hollies Avenue estates associate more closely with Hawks Green than with Cannock town wards. It is also questionable if Rumer Hill estate residents naturally associate with Hawks Green. Again, it is closer to the town centre. To offset these numerical losses, the Badger's Rise estate (Badger's Way / Ansty Drive / Millers Vale etc) down to Birchfields Drive, plus Kensington Place and the bottom end of Gorsemoor Road up to and including The Heathers Nursing Home should all be in Hawks Green. Proposed Cannock West / Cannock South boundary near bus station: the Cannock South boundary should be extended north west to Park Road from its junction with Stafford Road (bus station) to High Green. This would form a neat boundary around the town centre which would then all be in one ward with little or no impact on elector numbers.
