Fulmer Boundary Changes

Date:

15 March 2023 18:44:02

RE. Boundary Commission

I am writing to express my concern on the boundary changes in consideration for Fulmer; and want to raise my opposition to them with you.

Farnham, Stoke Poges and Wexham are distinctly different demographic, topographic and sociographic areas compared to Fulmer.

We are a village that deserves not to be tempered with, and due to our size, our community is special and necessary for us. Our children's schools, local shops, and services and therefore our mutual network is tied to Gerrards Cross.

Please do not make the changes you are considering and protect a local community where our shared experiences are defined by how we live and operate in Gerrards Cross.
