I think the revised proposal for the Gerrards Cross and Denham boundary much better reflects the entirety of Gerrards Cross. The previous proposal felt like someone was trying to retrofit the number of councillors to the boundary, causing a complete separation of Gerrards Cross into 2. This proposal more or less reflects the natural boundary between Gerrards Cross and CSP, and preserves the identity of Gerrards Cross which is important to many residents including myself. We are much better served as one ward. Many thanks for taking the time to reconsider this.
