Boundary Changes

14 March 2023 13:25:41

Dear Sir / Madam,

I'm writing with regards to the most recent proposal from the Local Government Boundaries Commission.

I wish to wholeheartedly request that Fulmer stays with Gerrards Cross as this is our local town where we in fact spend most of our time.

I have lived in Gerrards Cross for most of my life and so most of my friends are there. We are very closely connected with Gerrards Cross as my father still resides in central Gerrards Cross and I visit him most days.

I also own three properties in Gerrards Cross and so am back and forth all the time. We do our shopping there, go to church there, use the Bull Hotel & Colston Hall for functions and have attended classes at the summer school. We regularly use the common to exercise, restaurants, coffee shops, petrol station, train station to get into London and I feel most of the other residents in Fulmer would say the same. When we tell people where we live, we say Fulmer village next to Gerrards Cross and I feel like we are a little suburb, just like, if not more so than Chalfont St Peter.

I never shop or eat in Wexham, Farnham or Stoke Poges and the only time I go that way is to go to the hospital.

I feel very strongly that our close community connection with Gerrards Cross should be kept that way and not changed.

Yours faithfully,
