Hi I was very surprised to read of the suggestion that Fulmer be integrated into the Wexham boundaries. This really makes no sense at all. GX I travel to GX 1-2 twice a day The services I take from GC include: train, restaurants, hair dressing, shopping, health, financial advisors etc I spend thousands of GBP each year in GX I attend events in Gerrards Cross (Xmas, summer festivals, memorial hall) We go to church in Gerrards Cross Our children attended school there for 8 years Behaviour Change My behaviour has not really changed over 17 years (other than COVID) Visits to Wexham I never go to Wexham other than very occasional visit to the Hospital (once every 5 years)
