I vehemently support the revised boundary and thank the Boundary Commission for listening to concerned residents and council tax payers. The revised proposals keep Gerrards Cross in and among the right boundary lines. I wonder why such a proposal was opened in the first place - a land grab from councillors in Chalfont St Peter I wonder? The boundary shown in the latest proposal more clearly reflects Gerrards across and where residents feel the boundary between Gerrards Cross and Chalfont St.Peter actually sits. The revised proposal includes accurate High Street and retail spaces for the GX town, which has been a labour of a lot of hard work by local GX councillors and residents. The new boundary proposal also includes local businesses, community facilities that are a key part of the Gerrards Cross community and identity (including schools and sports clubs) within the Gerrards Cross & Denham ward.
