Dear Sir/Madam

At present the Tatsfield/ Titsey boundary stops just a few meters south of the houses on Beddlestead Lane.

I have spoken to the neighbours and we all feel we are geographically more part of Tatsfield (a short walk across the fields) and Titsey than Chelsham and Warlingham. We all use Tatsfield as our hub. It's also worth mentioning that all the houses on Beddlestead Lane are historically part of the Titsey estate dating back centuries so we have a historic tie.

We are probably currently the most isolated part of the Chelsham and Warlingham parish and frankly we don't feel part of it. I think a better fit would be Tatsfield and Titsey.

Kindest regards
