### Comment text:

I am contacting you as President of Southborough & District Lions Club. As you know, we are an International Charity and locally we help in many different ways within the Community of Southborough & High Brooms. It is of great concern to our members and myself that there is a suggestion of separating Southborough from High Brooms when we help with the local churches and schools. This would be detrimental to our ongoing good work with our local community and we object to this proposed plan. We due hope sympathetic consideration will be given for this not to happen. Many thanks
