### Comment text:

Lamberhurst , Goudhurst and the surrounding villages have survived for years as independent wards, I do not want a boundary change to occur as this means we will, over a period of time, be gradually sucked into an expanding TunbridgeWells/Tonbridge conglomerate. The essence of our villages will disappear, it's already being eroded by the demolition of old peoples bungalows for £800,0000+ mansions, just the tip of the iceberg. My vote is a resounding NO to boundary changes just to spen£ more of tax payers cash on deluded do Golders who cock it all up
